

## **CURRENT LIST OF “APPROVED” ROOFING MATERIALS**

The following list outline what has been requested by homeowners and approved by the ACC for replacement roofing materials. Although the list is very specific as to the Manufacturer, the style type, and the color; it is NOT an endorsement for any of the manufacturers, product lines, or installers. This is provide as a guide for homeowners as an example of what has previously been approved, however, it is not to discourage other choices that meet the criteria outlined in the ACC ‘s roofing guidelines.

Selection of one of the Manufacturer/Style/Color choices below **DOES NOT** constitute “automatic” approval (applied or otherwise) from the ACC. **All replacement roofing products (except replacement by what is currently on the roof) must be submitted to the ACC for approval prior to installation.**
